W. R. GRACE & CO., 62 WHITTEMORE AVENUE, CAMBRIDGE, MASSACHUSETTS 02140 617-876-1400

August 20, 1971

Mr. Robert L. Lines, Supervisor  
Air Pollution Control  
Department of Inspection  
City of Minneapolis  
220 Grain Exchange  
Minneapolis, Minnesota 55415

REFERENCE: W. R. Grace & Co.  
Construction Products Division  
1720 Madison N.E.  
Minneapolis, Minnesota 55413

Dear Mr. Lines:

In accordance with my letter of May 3, 1971, W. R. Grace & Co., Construction Products Division (Grace) has completed an evaluation on whether to modify its existing facility or construct a new manufacturing facility in the Minneapolis area. As a result of this study, Grace has determined that it will modify referenced plant so as to place it in complete compliance with established Minnesota Air Pollution Control Rules and Regulations.

Grace submits the following compliance schedule for referenced plant:

| DATE   |        | DESCRIPTION   |
|--------|--------|---|
| Start  | Finish |   |
| 9/1/71 | 1/1/72 | Conduct design engineering for building modifications, and equipment changes, including all required control devices.   |
| 1/1/72 | 2/1/72 | Submit plans and specifications to the City of Minneapolis and the Minnesota Pollution Control Agency in accordance with Chapter III.   |
| 2/1/72 | 6/1/72 | After receipt of approved plans and specifications, and a Permit to Construct, procure all required equipment to place referenced plant in compliance with Air Pollution Control Rules and Regulations. |
| 4/1/72 | 7/1/72 | Install all equipment in accordance with plans and specifications approved by the City of Minneapolis and State of Minnesota Air Pollution Control Agency.  |

Mr. Robert L. Lines

-2-

August 20, 1971

Grace is proceeding on schedule with its plans to install control equipment on the perlite operation's source emission point. Installation will start August 30, 1971 with an estimated completion date of September 10, 1971.

Very truly yours,

FREDERICK W. EATON  
Project Engineer  
Pollution Control
